

The PEP program in MCPS meets the federal provisions that require divisions to offer parent participation opportunities for parents and families of English Learners. PEP classes are designed to increase ELL parents' knowledge about school system while deepening their understanding of ways they can impact their children's success in school.

PEP teachers at your school are trained and given the resources needed to help you become a successful partner in your child's education.

Parent as Educational Partners

The PEP program addresses the need to provide limited English proficient (LEP) parents support to feel comfortable participating in their children's education.

What is PEP?

The PEP program is a parent outreach program designed to educate and empower ELL parents to become decision makers and advocates for their children's education.

Why offer PEP?

- To meet federal requirements of LEP parent engagement
- To increase parent knowledge about their rights and responsibilities
- To increase parent involvement
- To improve language skills of ELL parents
- To increase LEP student achievement

OUR MISSION is to reduce the achievement gap for students of all backgrounds by promoting a climate that supports equity, diversity, and collaborative behaviors. We strive to develop and maintain strong school-home partnerships tied to improved student achievement.

PEP IS FOR: Parents of students K-12 of any language or cultural background. These meetings and info sessions are free to ELL parents. PEP is for any parent whose language is other than English, even if his/her child is not ELL.

Be an active participant in your child's Educational Journey.

What do we teach?

- The United States School System
- School Personnel and the School Day
- School Procedures
- Parent-Teacher Conferences
